WORK EXPERIENCE

Project Expert

Republic of Türkiye Ministry of Youth and Sports, NBS EduWORLD Project [26/09/2024 – Current]

City: Ankara | Country: Türkiye

Serving within the Directorate of International Organizations and Foreign Relations, Department of International Projects at the Ministry of Youth and Sports under the NBS EduWORLD (Horizon Europe, Grant No: 101060525) project.

- Developing and managing EU-funded projects.
- Creating policy recommendations for integrating nature-based solutions into education.
- Coordinating with international partners and stakeholders.
- Monitoring project activities, evaluating progress, and reporting.
- Implementing communication strategies to disseminate project outcomes.
- Contributing to educational material development and digital content management.
- Representing the ministry at consortium meetings and events.

Project Assistant

ERASMUS+ Ka-220: Inclusive Resilience Project, Turkish National Paralympic Comitee [01/2024 – Current]

City: Ankara | Country: Türkiye

Within the scope of Let's Do It Turkey stakeholder of ERASMUS+ Ka-220: Inclusive Resilience: Building Environmental Sustainability and Disaster Resilience through Sport project supported by the Turkish National Agency and implemented by the Turkish National Paralympic Committee, relevant tasks were carried out:

- Coordinating project activities and communicating with stakeholders
- Developing training content on environmental awareness and disaster preparedness for para-athletes
- Manage logistics for trainings and field events
- Report project progress and support volunteer engagement
- Carrying out visibility and dissemination activities

Volunteer Researcher

UMRAM Higher Cognitive Functions Lab [09/2023 – Current]

City: Ankara | Country: Türkiye

Prof. Dr. Lecturer. Prof. Dr. Ausaf Ahmed Farooqui at the Aysel Sabuncu Brain Research Center
I take an active role.

- Participation in fMRI applications for brain imaging studies, assigning tasks to participants and collecting data
- Implementation of fMRI data preprocessing and analysis on Matlab and Python
- Implementation of neuropsychological tests and participant observations

Volunteer Researcher, Member of Laboratory

Memory and Emotion Lab, Kadir Has University [10/2023 – 11/2024]

City: İstanbul | Country: Türkiye

I conduct research on autobiographical memory and emotion-interactive projects.

- Presentations about the literature and methodological discussions and data editing
 - The psychological effects of the Ukrainian War and the memory factor, the role of memory in voters' electoral behavior
- the task of organizing data in field research

Undergraduated Research Assistant

TED University Real World Cognition Lab [10/2022 – Current]

City: Ankara | Country: Türkiye

I take part in autobiographical memory and social memory studies conducted by Assoc. Dr. Tuğba Uzer Yıldız.

Undergraduate research assistant

Ankara University Social-Experimental Psychology Laboratory [18/07/2022 – Current]

City: Ankara | Country: Türkiye

In this laboratory, where we examine the theoretical background of many cognitive and social studies, I specifically researched the T-NT paradigm and took part in the task of preparing the experimental setup of the paradigm via Superlab. Afterwards, we worked one-on-one with my groupmates under the leadership of our consultant in many details such as pilot study and data collection.

Intern Psychologist

Ankara University Faculty of Medicine Department of Psychiatry [09/2022 – Current]

City: Ankara | Country: Türkiye

I attend test administration interviews, group therapies and visits as an observer in the women's psychosis department.

Volunteer Undergraduated Research Assistant

KULE Project [09/2021 – Current]

In this three-year longitudinal project, we explore the short- and long-term effects of interactions between the family and school environment on a child's academic-cognitive-social-emotional development. I took part in the feedback team of the project for a year and carried out the task of editing the role play videos of the volunteers who were trained and applying the TIFALDI Test. Also, since we started the process by learning the application of the TIFALDI Test, I was tasked with observing and controlling its application. This year, I took part in the data-control team online.

Intern Psychology Student

Şafak Özel Eğitim ve Rehabilitasyon Merkezi [25/07/2021 – 14/09/2022]
